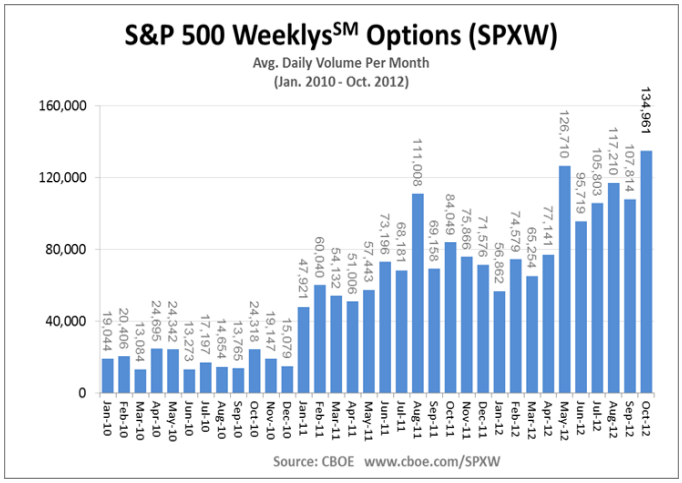
East Coast Cutover Less Than a Month Away

- The cutover date for the move of the CBOE, CFE and OneChicago data centers to the Equinix NY4 Data Center in New Jersey is fast approaching. CBOE is currently conducting weekday mock trading and weekend testing sessions to prepare for the **Monday, December 3, 2012** move.
  - ***Weekday sessions:*** *each Tuesday, Wednesday and Thursday until November 29 (excluding Thanksgiving on 11/22), from 11:00 a.m. to 3:00 p.m. (ET)*
  - ***Weekend sessions:*** *only two Saturday sessions remain: November 10 and 17, from 10:00 a.m. to 2:00 p.m. (ET)*
- Contact the API Group at (312) 786-7300 or api@cboe.com to schedule participation in these sessions.

Expansion of Weeklys Options Program

- CBOE and C2 recently amended the Weekly Options program to include the following changes:
  - *Opening up to five consecutive Weekly options expirations for trading*
  - *Permitting more than 30 Weekly options series per class for each expiration in limited cases*
- CBOE plans to begin populating five serial Weekly expirations beginning the week of November 12.
- For more information, see CBOE Information Circular IC12-093.



SPX Weeklys Record

- During October, SPX Weeklys experienced record average daily volume of 134,961 contracts. See www.cboe.com/blogs.

Other News & Notes

15-Year LEAPS

- This week, the SEC approved CBOE's proposal to offer 15-year LEAPS options.

New CFE Contracts

- See CFE Information Circular IC12-065 for a listing of the new contracts that will be added after November expiration.

Order Format 2 at C2

- Effective this Monday, November 12, C2 will deactivate the "Light API" (Order Format 2). Order bandwidth allocated to the Light API may be re-allocated for use with Order Format 1. See C2 Information Circular IC12-014.
