Contract Adjustment for the Special Cash Dividend

Pursuant to Article VI, Section 11 and 11A of OCC's By-Laws, all outstanding CSE option series will be adjusted to reflect this special cash dividend as follows: **On Tuesday, December 18, 2012, each CSE series shall be adjusted by decreasing the strike price by $0.50, the amount of the cash dividend, rounded to the nearest 1/100th.** The option symbols for the adjusted contracts will remain the same. Premiums and strike-price amounts for the adjusted CSE options will continue to be calculated on the basis of a multiplier of 100, i.e., for premium and strike-price extensions, 1 point of premium or strike price will equal $100. [Any FLEX series that may exist will be adjusted in a similar manner to the standardized option.]

Adjusted Option Symbols

On Tuesday, December 18, 2012, trading in CSE series will be on an adjusted basis. At 8:30 A.M., Chicago time, an opening rotation will be effected with the following adjustments:

GTC Order Conversion

On Monday, December 17, 2012, immediately after the CBOE close, the system will convert or cancel all resting orders in the CSE order book. If your firm has requested, all booked orders (phone, wire, and electronic) and all ORS orders residing outside the book (booth or crowd routed) will be converted reflecting the adjustment. If your firm has requested, all booked orders and ORS orders residing outside of the book will be canceled. If your firm receives CXL drops, the CXL confirm will print at your booth at 3:15 p.m. ORS CXLs will also be transmitted electronically to your branches.

A report will be available at the Help Desk listing the orders that are converted or canceled. If converted, this list will also show how the new orders will be adjusted. This report will be available on request anytime during the day prior to the night of the adjustment.
