

C2 Options Regulatory Circular RG18-008

Date: May 8, 2018

To: Trading Permit Holders

From: Regulatory Division

RE: Historical Web-Based Surveillance Reports No Longer Available as of May 11, 2018

Updates C2 Options Regulatory Circular RG15-052 and RG16-037

On May 11, 2018, access to historical Cboe C2 Exchange, Inc. (“C2 Options”) web-based surveillance reports (<https://www.cboe.org/C2/wbs/scripts/login.aspx>) will no longer be available. These historical reports predate the transition of the reports to the Financial Industry Regulatory Authority, Inc. (“FINRA”) Report Center (i.e., in or before 2016).

In addition, beginning with trade date May 14, 2018, FINRA will no longer generate surveillance reports on behalf of C2 Options (e.g. continuous quoting). Previously published reports will remain available on FINRA Report Center for 36 months following their period.

Additional Information

For questions regarding the availability of C2 Options surveillance reports going forward, please contact C2optionsurv@cboe.com.
