POSITION LIMIT CIRCULAR PL15-022

DATE: April 16, 2015
TO: Permit Holders
RE: Revision to the new International Game Technology ("IGT") Position and Exercise Limit

Effective Date: Tuesday, April 7, 2015

Please be advised that the position and exercise limit of 25,000,000 shares for the new IGT was incorrectly reflected in Position Limit Circular PL15-021. The correct position and exercise limits will be any combination of the new IGT and IGT1 option contracts on the same side of the market not to exceed 50,000 contracts (5,000,000 shares) through January 20, 2017.

Following the January 20, 2017 expiration the position and exercise limits will remain the standard limit of 50,000 contracts (5,000,000 shares) of IGT.

Please be reminded that on Tuesday, April 7, 2015:

Each adjusted International Game Technology contract will require the receipt or delivery of: (A) 18 ordinary shares of (New) International Game Technology PLC (New “IGT”); plus (B) $1,433.96 cash; plus (C) cash in lieu of 0.19 fractional ordinary share of (New) International Game Technology PLC (New “IGT”). Please refer to Research Circular #RS15-194.

For additional information, please contact Sherrell Forbes at (312) 786-7178 in the Regulatory Division.
