

This sector represents products and services for industrial use or with applications in aero-space, defence or security; transportation, construction, and related infrastructure; or farming, including equipment and machinery manufacture, wholesale, rental, and distribution and related support activities. Parent index is BUKAC. Base 10,000 - 31 Dec 2010. This is a price return index.

### Objective

The index is designed for use in the creation of index tracking funds, derivatives and as a performance benchmark.

### Investability

Stocks are selected and weighted to ensure that the index is investable.

### Liquidity

Stocks are screened to ensure that the index is tradable.

### Transparency

Uses a transparent, rules-based construction process. Index Rules are freely available on the [cboe.com/indexeurope](http://cboe.com/indexeurope) website.

### Availability

Calculation is based on price and total return methodologies, both real-time, intra-second and end of day.
